Subject: data from week of Jan 23 sampling in Dimock

Hello, Tom -

Attached, please find the data files which include results from the first week of EPA sampling in Dimock. Names and addresses have been removed from these packets.

Also included are a cover letter that accompanied the data packets as well as a key for interpreting some of the columns and data qualifiers. Due to a formatting error, we re-printed the data packets and provided under the second cover letter.

This data has been shared with PADEP and is available in a summary table at <http://www.epa.gov/aboutepa/states/pa.html> along with some additional background information.

If you have any questions, please feel free to contact me.

Have a good day -
Jennie
